## ENDÜSTRİ MERKEZİ

Our company was established in 2014, headquartered in Aliağa. We serve as the solution partner of companies who operating the energy, oil and natural gas sectors in the fields of production, storage, maintenance, cleaning, transportation and sales.

We are expanding the service areas to provide with our growing structure day by day. We always keep our energy level at the highest level with our young and dynamic staff.

We offer a fluid business process by using pro-active approaches and business methods that prevent problems before they occur.

We produce new and different solutions by transferring our skills acquired in different business lines to our business.

## Sectors

Petrochemical Plants and Refineries  
Oil and Gas Pipelines  
Gas Power Plants  
Thermal Power Plants  
Geothermal Power Plants  
Iron Steel Factories  
Cement Factories  
Chemical Plants  
Recycling Plants  
Food Industries  
Mine Facilities  
Water Treatment Plants  
Desalination Plants  
Superstructure Buildings  
Warehouse Buildings  
Textile and Paper Factories

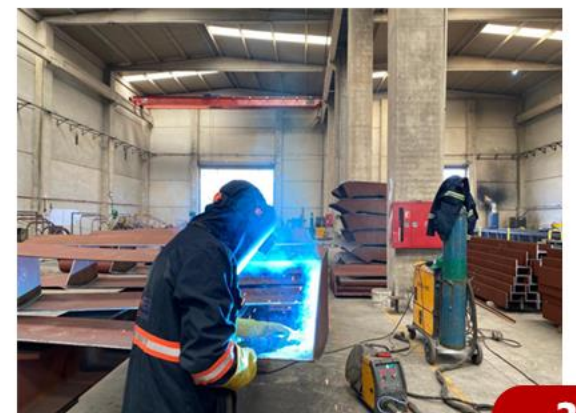

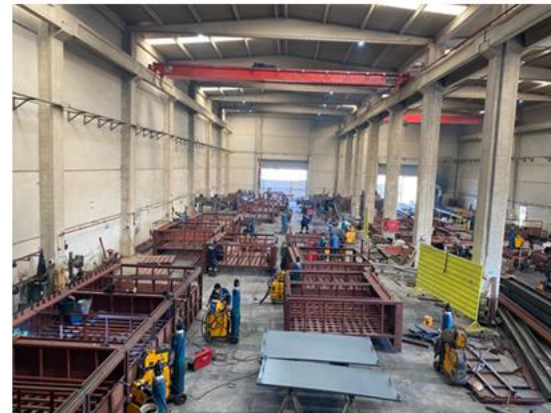

## Our Services

Engineering Services  
Procurement, Manufacturing, Assembly,  
Construction Services  
EPC and Turnkey Projects  
Maintenance Services  
Industrial Cleaning Services  
Scaffolding Supply, Installation Services  
General Coating Services including Insulation  
Works  
Technical Personnel and Workforce Supply  
Services

## FABRICATION:

- Engineering and Project Design Services,
- Steel Structure Fabrication and Erection,
- Storage Tank conforming to API 650, TSE , CE
- Pressure Vessel and Process Equipment, Skid Manufacturing
- Pipe Spool and Support Fabrication

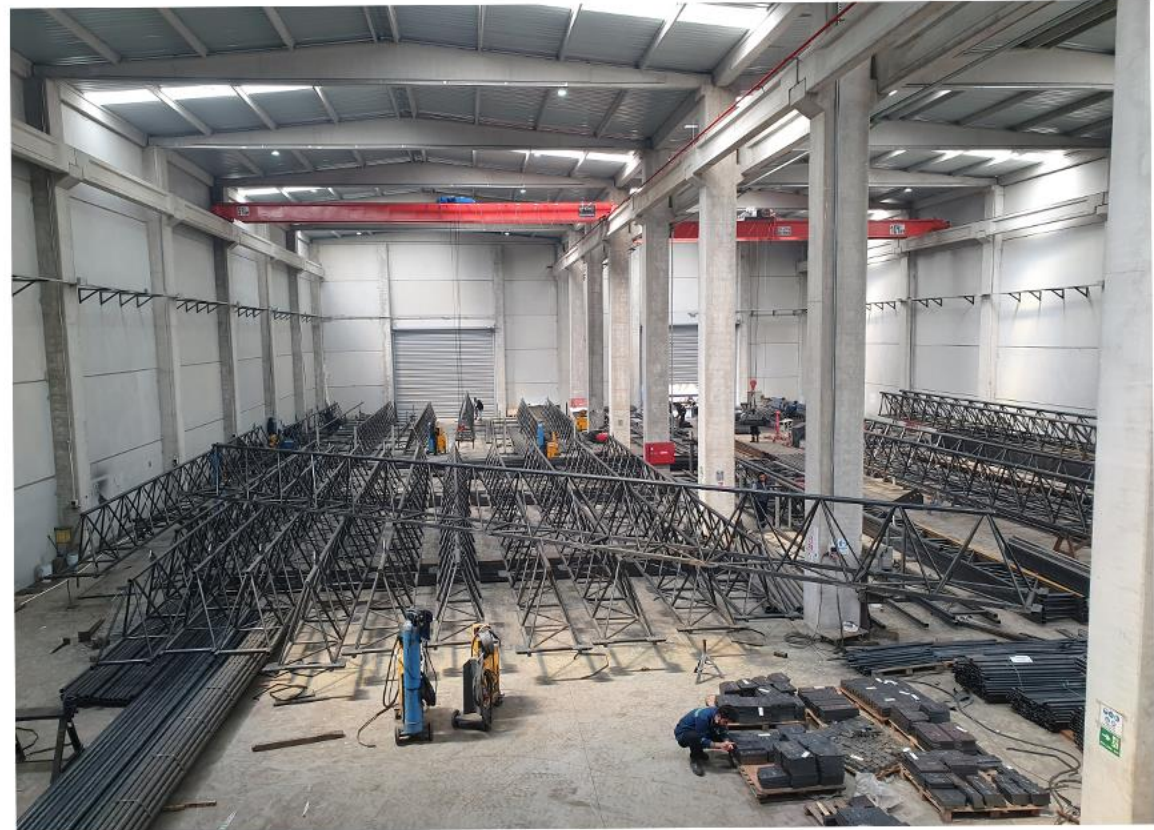

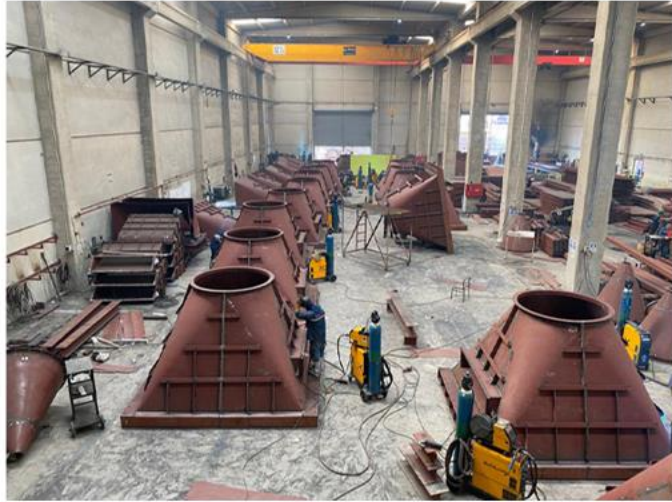

## STEEL STRUCTURE FABRICATION

Capacity: 500 Ton / Month

- Steel Bridges
- Pipe Supports
- Industrial Pipe Racks
- Warehouse Buildings
- Steel Roof , Rafters
- Platforms, Walking Ways, Ladders
- Complex Industrial Steel Structure

## PRESSURE VESSEL AND PROCESS EQUIPMENT MANUFACTURING

Pressure Vessels for Refineries, Chemical and Food Industries

Exhaust Systems Casings, Ducts, Stacks, Filters, Diverter Dampers

Dust Collection System

ACC Ducts and Accessories

ENDMER specialises in the fabrication of skid assemblies / process modules for a wide range of applications, which include:

- Process Skids
- Cooling Skids
- Filtration Skids
- Pump Skids
- Treatment Skids
- Chemical Skids
- Modular Pipe Skids

Our services encompass the total requirements for these modules including supply of material, through fabrication, inspection, testing and assembly, including surface nish, electrical and instrumentation work, thermal insulation, packing and shipping.

## Tank and Silos Fabrication

ENDMER is an expert for designing and manufacturing storage tank and silos conforming to API 650, CE and related international standard as per customer requirement.

## PIPE SPOOL FABRICATION

Spool Fabrication Capacity:  
20.000 WDI / Month

Piping Spool Fabrication CS, SS,  
Alloy Steel, GRP, GRE, HDPE, FRP

## CONSTRUCTION

### **ENDMER has substantial experience in the following activities :**

- Industrial Civil Construction Works
- Erection of Industrial Rotating&Static Equipments
- API 650 Storage Tank Installation
- API 620 Spherical Tank Installation
- AG and UG Piping Installation, Precommissioning and Commissioning Activities
- Steel Structure Erection Works
- Exhaust Systems, Dust Collection System, Diverter Damper, HRSG, Stack and Duct Works
- Coating&Insulation Works
- Internal Lining Works

### **ENDMER has executed project in the following industries :**

- Oil and Gas Industries
- Petrochemical Plants
- Simple and Combined Cycle Power Plants
- Chemical Plants
- Food Industries
- RO water and Desalination Plants
- Waste Water Treatment Plants
- Industrial Gas Production Plants

## **INDUSTRIAL MAINTENANCE AND CLEANING SERVICES**

- Planned Turnaround Works
- Static Equipment Inspection and Repair Works
- Storage Tank Inspection and Maintenance Works-API 653
- Rotating Equipment Inspection and Repair Works
- Industrial Cleaning Services
- Major Modifications and Upgrades
- Piping Modification and Re-Piping

## INDUSTRIAL CLEANING SERVICE

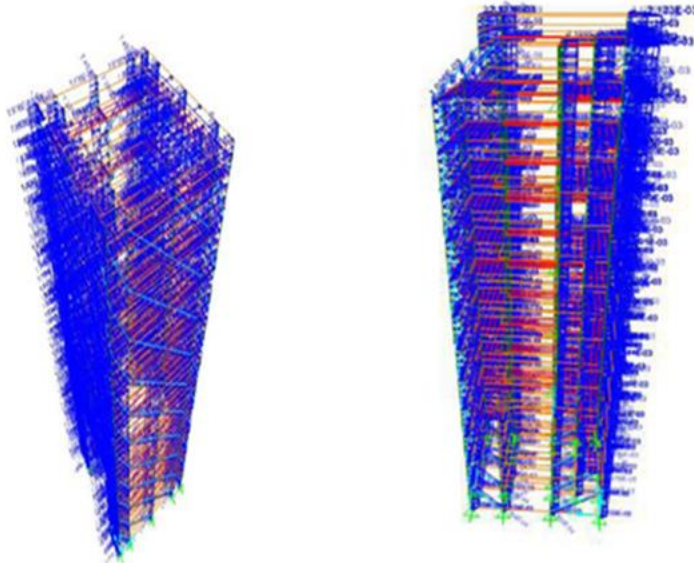

- Water Jet Cleaning Services
- Static Equipment Cleaning
- Vacuum Truck Services
- Chemical Cleaning Service
- Storage Tank Cleaning Service

We have created ENDMER maintenance and cleaning department with special portable equipments and high skilled and trained workers, ready to assist our clients as fast as their maintenance and repair requirements materialize, to keep their production running and minimize their turnaround time.

## SCAFFOLDING, INSULATION AND COATING

- Scaffolding Engineering
- Scaffolding Supply
- Scaffolding Erection and Inspection
- Insulation
- Sandblasting & Painting

OUR SCAFFOLDING PARTNER

Harmonised Standard	Execution Class	Declaration Method
EN 1090-1:2009+A1:2011	Load bearing steel components up to EXC 3 acc. EN 1090-2	1 and 3a acc. Tab. A.1 of EN 1090-1

placed on the market under the name or trade mark of  
**Endmer Endüstri Merkezi Sanayi ve Ticaret Limited Şirketi**  
 Atatürk Mah. 356 Sk. No:16/38 Alağa / İZMİR  
 and produced in the manufacturing plant (s)  
**Endmer Endüstri Merkezi Sanayi ve Ticaret Limited Şirketi**  
 BOSBİ Osb. Mahallesi Cad. 9 No:8 Bergama / İZMİR

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard(s)

**EN 1090-1:2009+A1:2011**  
 under system 2+ are applied and that  
 the factory production control is assessed to be in conformity with the applicable requirements.

This certificate was first issued on 01.12.2022 and will remain valid as long as neither the harmonised standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified factory production control certification body.

The next surveillance is due on 30.11.2023.

Ankara, 23.12.2022
