## ADVANCED SOLUTIONS FOR ENERGY AND INDUSTRY

### ABOUT US

Our company was established in 2014, headquartered in Aliağa. We serve as the solution partner of companies who operate the energy, oil and natural gas sectors in the fields of production, storage, maintenance, cleaning, transportation and sales.

We are expanding the service areas to provide with our growing structure day by day.

We always keep our energy level at the highest level with our young and dynamic staff.

We offer a fluid business process by using pro-active approaches and business methods that prevent problems before they occur.

We produce new and different solutions by transferring our skills acquired in different business lines to our business.

#### **SECTORS**

- Petrochemical plant and rafineries
- Oil and gas pipelines
- Gas power plants
- Thermal power plants
- Geotermal power plants
- Iron steel factories
- Cement factories
- Chemical plants
- Recyling plants
- Food industries
- Mine facilities
- Water treatment plants
- Desalination plants
- Superstructure buildins
- Warehouse buildings
- Textile and paper factories

#### **OUR SERVICE**

- Engineering services
- Procurement, Manufacturing, Assembly, Construction services
- EPC and turnkey projects
- Maintanence services
- Industrial cleaning services
- Scaffolding supply, installation services
- General coaiting services inculuding insulation works
- Tecnical personnel and workforce services

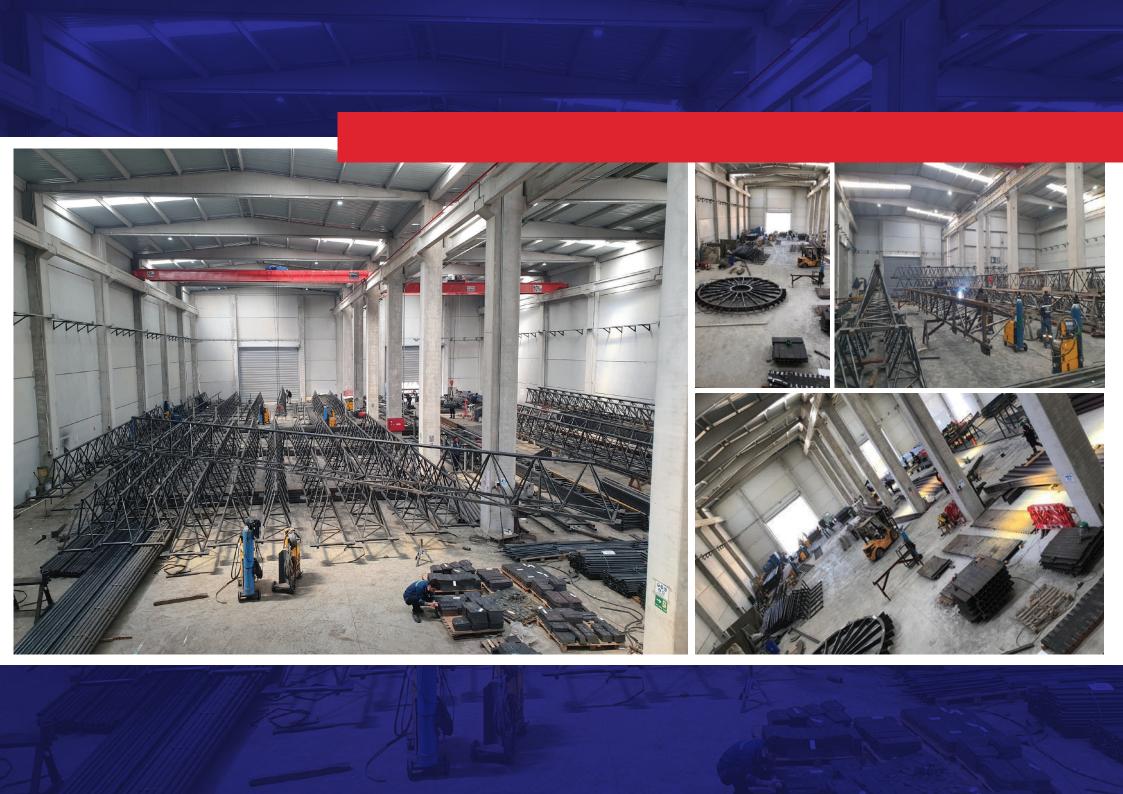

- Engineering and project desing services
- · Steel structure fabrication and erection
- Storage tank conforming to API 650, CE, TSE
- Pressure vessel and process equipment, skid manufacturing
- Pipe spool and support fabrication

### STEEL STRUCTURE FABRICATION

- Steel bridges
- Pipe support
- Industrial pipe racks
- Warehouse buldings
- · Steel roof, rafters
- Platforms, walking ways, ladders
- Complex industrial steel structure

- · We manufacture:
- Pressure Vessels for Refineries,
   Chemical, and Food Industries
- Exhaust System Casings, Ducts, Stacks, Filters, Diverters, and Dampers
- Dust Collection Systems
- ACC Ducts and Accessories
- Skid Assemblies & Process Modules:
- Specializing in:
- Process, Cooling, Filtration, Pump,
   Treatment, and Chemical Skids
- Modular Pipe Skids
- We provide complete solutions including material supply, fabrication, inspection, testing, surface finishing, electrical and instrumentation works, thermal insulation, packaging, and shipment.

# PRESSURE VESSEL AND PROCESS EQUIPMENT MANUFACTURING

## TANK AND SILOS FABRICATION

We specialize in the design and manufacture of storage tanks and silos in compliance with API 650, CE, and other relevant international standards based on customer specifications.

# ENDMER HAS SUBSTANTIAL EXPERINCE IN THE FOLLOWING ACTIVITES:

#### CONSTRUCTION AND INSTALLATION SERVICES

- Civil Construction for Industrial Projects
- Installation of Rotating and Static Equipment
- API 650 and API 620 Tank Installations
- Above Ground and Underground Piping Systems
- Pre-commissioning and Commissioning Activities
- Steel Structure Erection
- Exhaust Systems, Stacks, Ducting, Diverter Dampers
- Coating, Insulation, and Internal Lining Works
- Project Experience Across Industries:
- Oil and Gas
- Petrochemical
- Power Generation (Simple & Combined Cycle)
- Chemical and Food Processing
- Desalination and Wastewater Treatment
- Industrial Gas Production

### ENDMER HAS EXECUTED PROJECT IN THE FOLLOWING INDUSTRIES

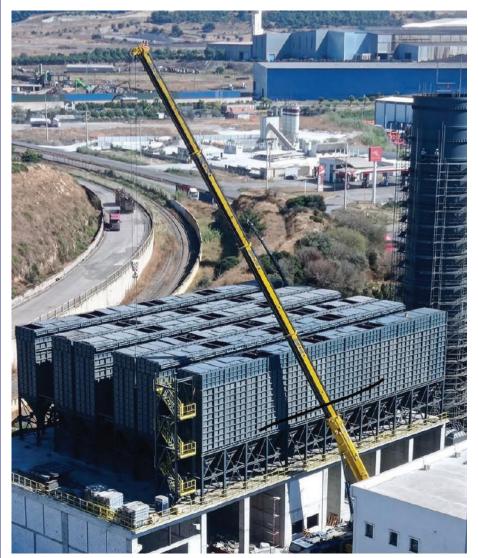

- · Oil and gas industries
- Petrochemical plants
- · Simple and combined cycle power plants
- Chemical plants
- Food industries
- RO water and desalination plants
- Waste water treatment plants
- Industrial gas production plants

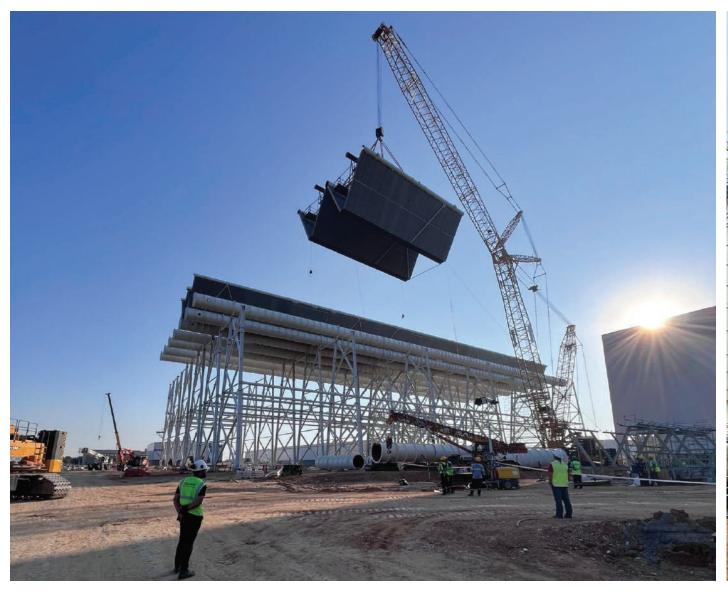

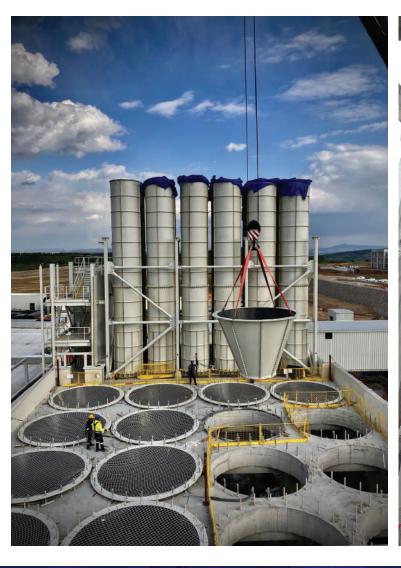

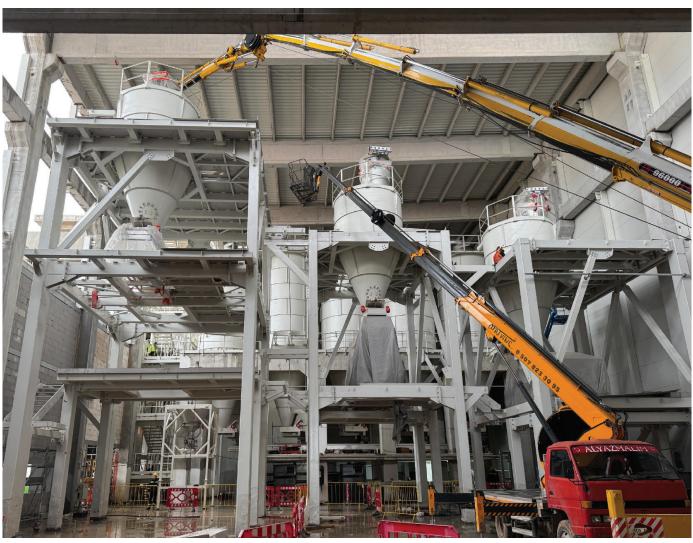

Planned turnaround works
Static equipment inspection and maintenance works API 653
Rotating equipment inspection and repair works
Industrial cleaning services
Major modifications and upgrades
Piping modification and
Re-Piping

## INDUSTRIAL MAINTENANCE AND CLEANING SERVICES

Our dedicated maintenance and cleaning department is equipped with portable systems and staffed by highly skilled professionals. We respond swiftly to client needs to minimize downtime and keep operations running smoothly.

- Water jet cleaning services
- Static equipment cleaning
- Vacuum truck service
- Chemical cleaning service
- Storage tank cleaning service

## INDUSTRIAL CLEANING SERVICE

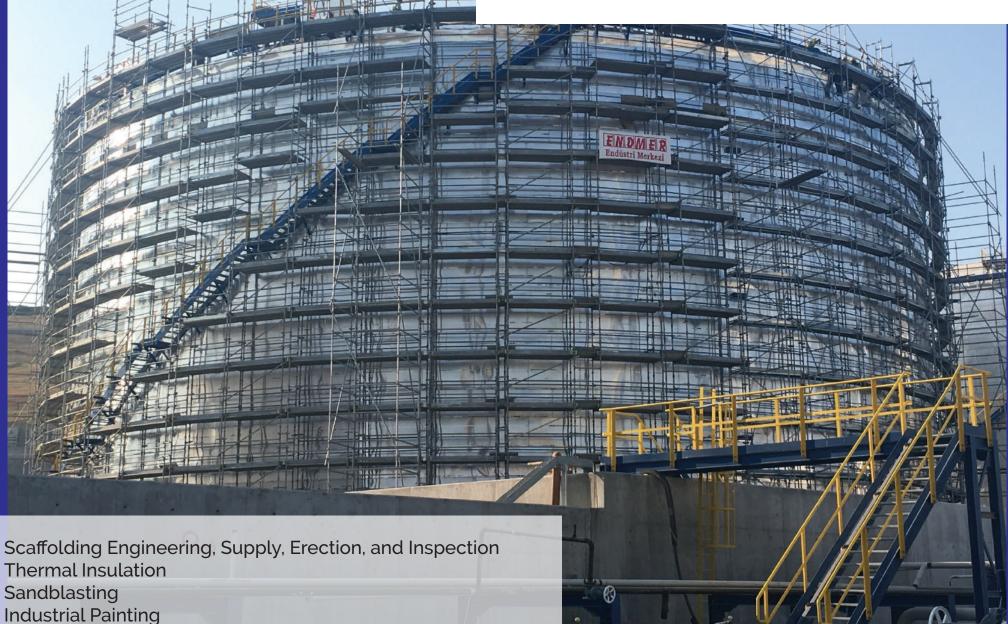

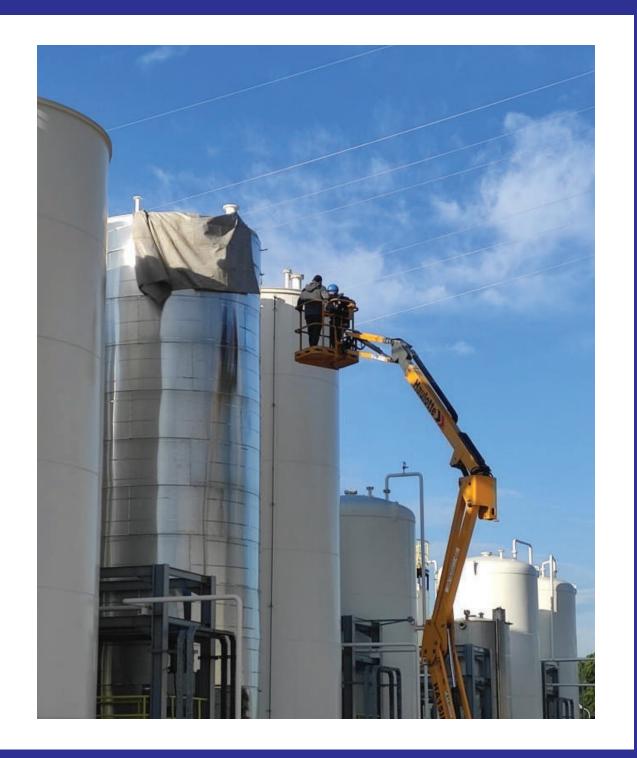

## SCAFFOLDING, INSULATION AND COATING
